

**Press Release from the Competitors Commission
regarding the forthcoming IPDSC World Championships:**

1. The Competitors' Commission has been actively negotiating with the IPDSC and the WDC on behalf of all the Professional Competitors throughout the World.
2. Your Managing Committee has sought the opinion of as many competing professionals as possible in the short space of time allowed to negotiate.
3. **This organisation, and the top couples in the world, agrees that no Professional Competitor should dance in this event at this time.**
4. There are no rules or regulations in place for the event, and we cannot protect you if you choose to dance in such an event.
5. We have asked the IPDSC to postpone the event until such time as we can see the full set of regulations.
6. **We are not in favour of the existence of more than one World Championship in any style.**
7. We will continue to negotiate with the two organisations to satisfactorily resolve the best situation to protect your future as a competitor.

Yours sincerely,

The Managing Committee of the Competitors Commission
